

MFC® TABS RED 4.0

ACIDIC MILK CLEANING TABLETS

CLEANS MILK SYSTEMS

MFC® Tabs Red 4.0 is a high performance descaling and cleaning tablet suitable for cleaning milk lines, frothers and parts of automatic espresso machine. Alternating cleans with MFC® Tabs White 4.0 will provide an all-over clean for all milk components. Ideal for cold regions where freezing is an issue.

RAPID DISSOLUTION

Quickly dissolves with warm water to make a low foaming cleaning solution.

ECONOMICAL

Just 1 tablet needed for each clean.

SAFE FOR YOU AND YOUR MACHINE

Non corrosive formulation that is safe for all espresso machine and coffee brewing equipment parts.

HOW TO USE

TO CLEAN MILK LINES AND FROTHERS

- Flush milk out of system with 250mL of fresh water.
- Add 1 tablet to 250mL warm water (75°C) in a container or jug.
- Stir until tablet is completely dissolved.
- Flush the entire solution through the milk system following the machine manufacturer's cleaning instructions.
- Once the solution is dispensed, rinse the container. Fill the container with 1 Litre of clean water and flush through the milk system to thoroughly rinse.

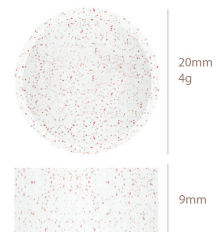

Cafetto® is proud to be certified by independent globally-recognised industry bodies
